Adobe Reader SpeedUp Crack (LifeTime) Activation Code

Adobe Reader SpeedUp is a lightweight utility that helps you make your Adobe Reader faster. It contains a series of optimization tweaks that speed up the loading of each and every PDF file. Additionally, Adobe Reader SpeedUp can deactivate the start-up splash screen, automatic update and clear the list of recently opened files for faster loading. Key features: The software loads each PDF file in a very short time and it is also faster when running, thus providing an excellent result. Adobe Reader SpeedUp includes a bunch of optimizations that speed up the loading of each and every PDF file. Additionally, it includes a batch file that performs a series of optimizations and it has an 'Uninstaller'. This means that it can uninstall itself as well. // Copyright (c) Microsoft Corporation.
