"I just want to die peacefully. I want to be rid of the unhappiness that I feel inside my heart." Slim gets by on drink and drugs. In the world outside, everyone tries to overcome the pain of loving someone who has left them. Everyone except for him, who has remained by her side, year after year. He hates the fact that he's a drunkard. He wants to end his life, but he's scared of the pain. He's afraid it will only make him crave more liquor. He doesn't want to become like the people he sees around him and start taking drugs. He wants to find a way to escape his inner turmoil. The character description is now up! Description: Slim uses sarcasm as a way of escape from the many problems that fill up his life. People are the worst when it comes to thinking others are doing the same as them. There's not a single person around who hasn't taken his own measure and weighed it up in their head. People assume that because he's a plumber, then he must take no interest in politics. They think that because he's working so hard and striving for his dreams that he must be a loser. They don't understand anything. They're so blind. He can't bear living with the thought of what will happen to him when he dies. He knows that no one will do anything to help him. Slim is certainly no loser. He's just not as successful as others. He's not as pretty as some, and he's not as strong as others. When he looks at the people around him, he can't help but feel jealous. He feels there should be some place where he'd be wanted and wanted for himself. Somewhere he'd be given importance, regardless of how small it is. He can't seem to escape that. He's a drifter. His is known around the city, but he doesn't consider himself important. People will sometimes pretend to care for him, but no one really does. They have their own worries, and if he spoke any of those worries, they would envy him. They'd see his loneliness and wish they were like him. They'd try to be so sure of themselves. They

**What's new:**

(film) *Age of Gladiators* is a 2004 American-British historical epic historical action adventure sports film directed by Jon Amiel and starring Jason Statham, Rachel Nichols, Emma Roberts, Jordi Molla, Nathalie Baye, Geraldine Chaplin, and Udo Kier. It tells the story of the Roman Empire's struggles with the Goths, a "barbarian" people. It had a production budget of \$130 million. It was released in the United States on August 3, 2004. It received mixed reviews from critics, who found the historical settings convincing but its script and characters generally thin and contrived. It was a box office failure, grossing \$52.5 million against an estimated \$100 million budget. It was also a box office bomb in Britain and Germany where it earned only US\$11 million and \$6.7 million, respectively. The film was followed by a direct-to-video sequel, entitled *Age of Heroes*, released in 2008. *Age of Heroes* was panned critically and had a 39% rating on Rotten Tomatoes. Plot In AD 241, Roman Emperor Maximian (Udo Kier) is victorious over a Thracian uprising. He then leads to have edicts put against a group called the Goths from growing into an empire. The effect of the troop mobilizations, however, leaves a part of the border guard with overextension and lets a contingent of mercenaries defect, start making trouble for the Empire, and start causing suspicion about the concept of provincial loyalty. What had been considered incursions into the Empire's frontier were, in fact, merely a scouting mission of the Goths, led by the pragmatic emperor's co-commander, Julius Caesar (Jason Statham), disguised as a Roman scout. Meanwhile, the Goths, under the new leader of a budding knightly order, Alaric (Dave Bautista), grow in numbers and power and subdue the rest of Britain. Fleeing his swollen army, Maximian (in Rome) hires the services of Marcus Flavius Aquila (Geraldine Chaplin), a recently retired senator. They then convey from an imagined assassination plot by a Praetorian officer named Eumenes (Emma Roberts). Aquila travels to Britain to halt Alaric, with Maximian insisting that Marcus's elderly son, a mere youth, should accompany him. Having killed Alaric's father in battle, Aquila is
