The third and most recently updated version of the full manual is the 3.35, released in February 2010. The user manual of the current technical manual can be downloaded at the website of Micro Pilot. The manual gives detailed instructions on how to use and maintain the product, as well as safety information. The manual consists of 18 pages of text and 94 images and includes information about the functioning of the Hydra Camera. Features Its key features include: A compact, lightweight design, and a 4 AA battery indicator to confirm battery life A bright 2.7-inch LCD display, which is adjustable according to the user's viewing position The camera supports the following standard wireless protocols: Infrared (IR) Infrared Data Association (IrDa) Arduino And also enables Z-Wave HomePlug AV (HP-AV) iButton IButton Home Automation ZigBee RFID Genesys FlexIP/FlexRA/FlexRA+ Multi-Processing Technology allows Micro Pilot to receive a variety of signals from multiple sensors. Built-in camera and microphone (some models) Interchangeable camera lens Notifications for added control Micro Pilot Cameras can be accessed remotely via wireless LAN

connection using a compatible wireless network router and home/office network. While not recommended, the cameras can also be accessed through a website provided by Micro Pilot. Micro Pilot Cameras can display pictures and provide additional digital information via a web interface. Models Micro Pilot provides two different product lines: Micro Pilot Cameras: Small form factor (typically) hand-held cameras, their main purpose being security or surveillance. More than 10,000 Micro Pilot Cameras have been sold. Panasonic Translucent Cameras: Cameras with a transparent front glass allowing a clear view of the inside of a room or building while retaining the ability to connect via LAN and upgradeable to Pro versions. The Translucent Cameras can be connected to a Media Server via USB and display images on the computer monitor or TV. Picture Gallery (first generation models only) Panasonic Translucent Cameras Micro Pilot produces several different models of Translucent Cameras There are three model variations in the Translucent Camera line: All-in-one cameras (Panasonic Translucent Micro PPM-S5) Portable security cameras (Panasonic Translucent Micro PPM-L1) Wireless IP
