The Elden Ring is a Free-to-Play Fantasy Action RPG developed by the company DeNA, and you can now play the new fantasy action RPG on the App Store for iOS and Google Play for Android. This is the first mobile game developed by the company DeNA. For a group of fearless adventurers, the Elden Ring is an action RPG where you explore a vast world and enter the dungeons to take on challenges involving a variety of collectible weapons, armor, and magic. You can summon your own party as you advance in the game, as well as personalize your character development and tactics by merging weapons and armor. If you want to become the strongest and most powerful, or if you just want to have fun, you can customize your character according to your own play style and dive into a perilous adventure. You can now ride your horse, Montag, even while exploring the world. As the adventure continues, it will bring various events, quests, and mini games that will allow you to create your own unique story while advancing in the game. Key Features • A Vast World A vast world that you can explore with ease and a world that offers variety in landscape and environment. • Customize Your Character The first action RPG where you can freely combine the weapons and armor that you equip. You can also freely develop your character according to your play style. • A Vast World A vast world that you can explore with ease and a world that offers variety in landscape and environment. • Battle in Endless Dungeons As you fight your way through the vast world, you will encounter unexpected and terrifying threats. Battle in endless dungeons while taking on challenges involving your weapons, armor, and magic. • Free Adventure in the "Real World" A vast world where you can meet and play with other players and have fun. Use the online element to directly connect with other players and go on adventures together. • Mystery in a Fantasy Setting A multilayered story in a fantasy setting that you can directly experience through your actions. • A Vast World A vast world that you can explore with ease and a world that offers variety in landscape and environment. ABOUT DENA: DeNA is a mobile and social gaming company that develops mobile games and VR content. Founded in 2004, the company focuses on mobile games such as "DANCE,"
