The Outcast Lovers is a cinematic adventure combining visual style inspired by film, with challenging puzzles and a captivating story set in the cold waters of the Baltic Sea. In a mythical world under the threat of a calamity that is just going to get worse, you'll need to explore and solve different puzzles together with the lovebirds Mary and Ola. Features: - Cinematic style and hand-drawn visuals inspired by classic films - Multiple, carefully crafted puzzles that challenge the player - A scripted narrative about a family lost in a world under the threat of an impending disaster - Smooth AI integrated in the puzzles as well as in the scripted narrative - A fully voiced comic book adaptation of the game with an interactive reading experience About The Author Outcast Lovers is made by a dev-team that works together since 2010 on games with a diverse background, all related to storytelling: Michalis Rantanis - Game Designer, sound engineer and musician. George Dimopoulos - Game Designer and musician Kostas Spyridopoulos - Game Designer Tissa Manickavel - Game Designer and musician Olga Cvilic - Game Designer, musician and animator About The Game Mary and Ola have a sunny little room in the Baltic Sea and they are learning to breathe again. But everything was fine, until one day when they found that they were interrupted by another family and their child. Suddenly, they found themselves trapped between the waters of a small northern island and the islanders who are after them to hunt down and kill. Now the whole ocean is watching everything and anyone who can help them will be rewarded. The Hand of God. Powered by MadMonks Development Team, 7 Pillars is a personal game about love and hate, a love story for those who play games and those who love them. Set in a maritime dreary world where the sun is rarely seen from the clouds. The experience and atmosphere is one of a kind. Gamers are meant to be wowed by its narrative, its challenges, its puzzles and, most of all, by the love of the two main characters. Features: Unique
