HyperMotion Technology gives users a new way to play on every FIFA Ultimate Team journey. This provides for more realistic and responsive gameplay, while offering greater tactical variety and depth.

Watch a detailed video walkthrough of the FIFA 22 gameplay changes and the impact the changes will have on the FIFA Ultimate Team experience.

HyperMotion Technology Guide – Preparing to Play & Your Journey Begins

Players will begin the FIFA Ultimate Team journey with the basic moves captured in the motion capture data, known as the Experience Skill Tree. Players will discover the full depth of the in-game Skill Tree by finding the hidden gems hidden within the Experience Skill Tree. The Skill Tree will offer players the ability to fine-tune the Traction, Stamina, Vision, Passing and Shooting ratings of the players in their Ultimate Team teams. Throughout the Skill Tree, players will level up their players within the in-game Experience Skill Tree to unlock hidden attributes, such as Fouls Won and Games Played. By using the Skill Tree, players will also unlock “Zones” to learn new skills. In FIFA Ultimate Team, players will learn specific skills by unlocking “Zones” – a key theme of FIFA 22. With the release of the Journey in FIFA Ultimate Team, players will have a multitude of tutorials to get them up to speed and ready to play. From here, players will be able to delve deeper into the Skill Tree and unlock hidden attributes. Core

Gameplay Changes HyperMotion Technology combined with intelligent Player AI gives users a wholly new type of football experience. FIFA has always focused on giving users the freedom to play the way they want to play, whether that be on the offensive, defensive or midfield, so FIFA 22 stays true to this philosophy. The goal is to provide the most refined and intelligent football experience possible. Custom Creations FIFA Ultimate Team has always been about allowing users to create their own content, customize their individual game experience and share their content across FIFA Online in the FUT Insider Program. FIFA 22 introduces the Custom Creations feature. With Custom Creations, users can now design their own personalized player from any name, position and characteristics (including appearance) on any team in the FIFA Ultimate Team Experience. The Custom Creation feature also helps players with their Journey – with dynamic tutorials in-game offering advice on the right trajectory to take
