
ROBOCOP PC GAME HIGHLY COMPRESSED 763 MB

Massively Multiplayer Online Game: An online game that has a very large number of players playing at the same time in the same instance of the game. Unlike single player games where players play each other at the same time, players in multiplayer games play at the same time even if their game is on different computers and at the same time. Multiplayer online games usually require players to have access to the Internet and play together online. Such games are developed on the basis of multiplayer technology. Multiplayer games range from casual to classic.
